

- Download the passify app and register with your name, email address, and company. Use two-factor authentication to confirm your email address in your inbox and set your personal PIN for the app.
- 2. In the app, select the terminal "H2-Tankstelle CTT" and confirm the terms and conditions for the hydrogen refueling station.

3. When checking in at the hydrogen refueling station, the process will be briefly explained again and you will need to re-enter the personal passify PIN you set during registration.
