

CTT TERMINAL PLAN WITH TRUCKER INFORMATION

i INFORMATION FOR HAULAGE COMPANIES:

ENTRANCE (OCR GATE) Provide trucker card identification at registration pillars and submit route schedule number if necessary. *Screen shows next destination.*

SELF-SERVICE TERMINAL (SBT) Show identification and enter missing data. *The terminal provides driving directions.*

MANUAL PRE-CHECK (MVP) Presentation of required accompanying documents. Then go to the Check-Gate-In and if necessary to the customs at the terminal (ZAT). *You must leave the terminal if information is missing.*

CUSTOMS AT TERMINAL (ZAT) Start and end of NCTS transit procedure.

CHECK-GATE-IN HHLA collects information and container status. *Take or print interchange receipt on delivery.*

DROP-OFF LANE Hold trucker card to transponder pillar. Container is taken from, or placed on, the truck. *Exit driver's cab!*

CHECK-GATE-OUT HHLA examines containers; damage may have to be clarified. *Take or print interchange receipt on collection.*
